ViceVerse Ideathon

Team Leader Portal — Flow & Functional Explanation

This document describes the complete workflow, responsibilities, permissions and functionality of the Team Leader Portal.

---

1. Team Leader Portal — Overall Flow

TEAM LEADER
REGISTER / LOGIN
CREATE TEAM
UNIQUE TEAM ID GENERATED
OTHER 2 MEMBERS JOIN USING TEAM ID
TEAM OF 3 COMPLETE
CHECK TEAM REQUIREMENTS
Requirement 1
Exactly 3 Members
Requirement 2
At Least 1 Male
Requirement 3

At Least 1 Female

↓

SELECT DOMAIN

↓

SUBMIT TEAM

↓

MAKE PAYMENT VIA QR

↓

UPLOAD PAYMENT PROOF

↓

TEAM STATUS: PENDING

↓

ADMIN VERIFIES PAYMENT

↓

Approved

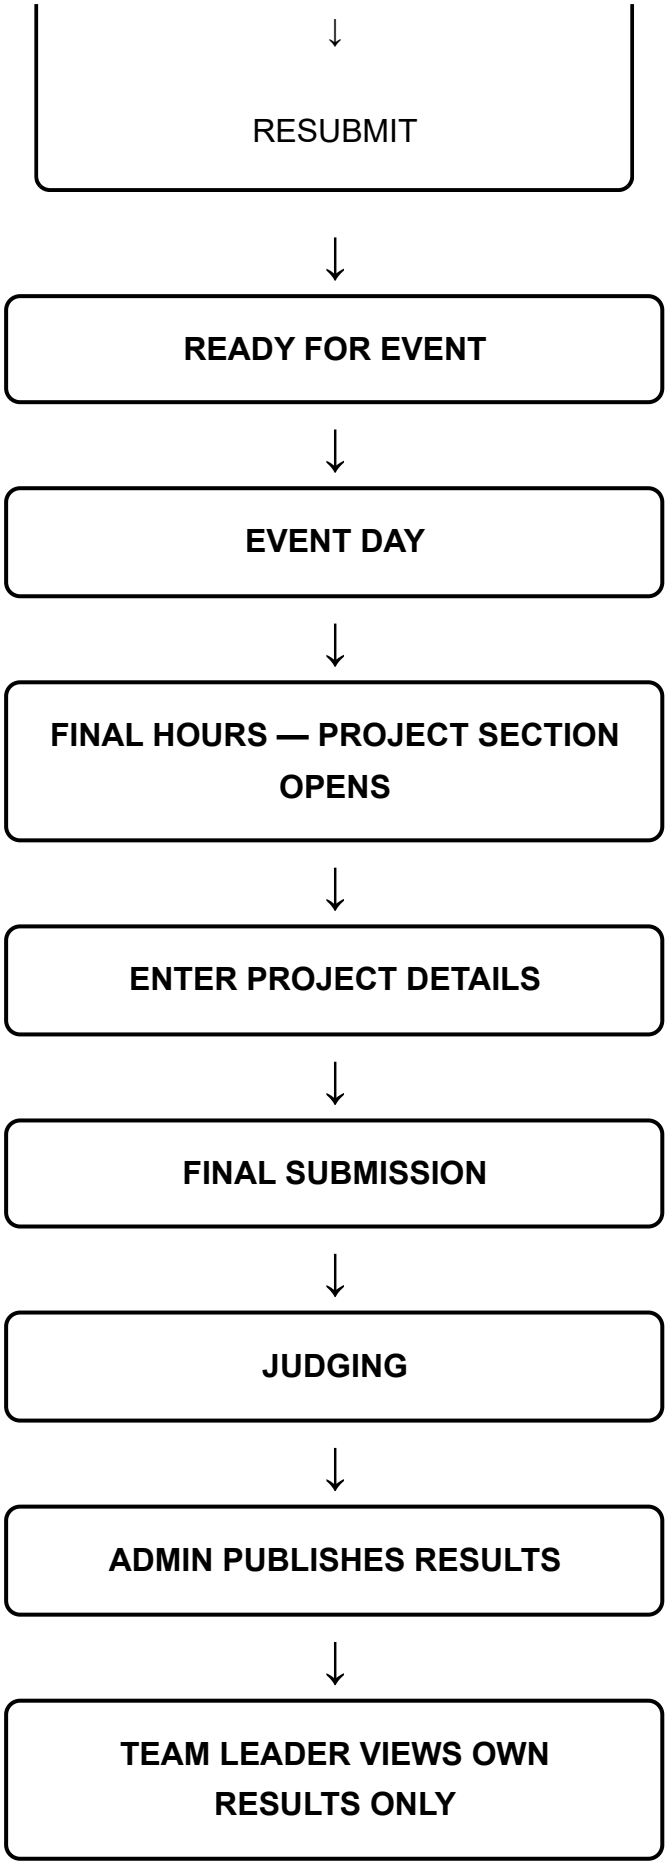

TEAM CONFIRMED

↓

TEAM QR GENERATED

Rejected

CORRECT PAYMENT PROOF

2. Team Leader Login

```
TEAM LEADER
     ↓
LOGIN
     ↓
AUTHENTICATION
     ↓
TEAM LEADER DASHBOARD
```

Explanation

The Team Leader uses the platform's common authentication system to log in.

After successful authentication, the system identifies the user's role and provides access to the Team Leader Portal.

The Team Leader cannot access functions belonging to the Admin, Judge or Club Member roles.

3. Team Creation

```
TEAM LEADER
     ↓
CREATE TEAM
     ↓
ENTER TEAM NAME
     ↓
SYSTEM GENERATES UNIQUE TEAM ID
     ↓
SHARE TEAM ID
     ↓
OTHER 2 PARTICIPANTS JOIN
```

Explanation

Any registered participant can create a team. The participant who creates the team becomes the Team Leader.

Once the team is created, the system generates a unique Team ID. The Team Leader shares this ID with the other participants.

Other participants use the Team ID to join the team.

4. Team Formation

```
CREATE TEAM
      ↓
MEMBER 1
      ↓
MEMBER 2
      ↓
MEMBER 3
      ↓
TEAM COMPLETE
```

Team Requirements

- Exactly 3 members.
- At least 1 male member.
- At least 1 female member.

Validation Rule

The Team Leader cannot finalize or submit the team until all mandatory team requirements are satisfied.

Example

Member	Gender	Status
Member 1	Male	Confirmed
Member 2	Female	Confirmed
Member 3	Male	Confirmed

Result: Team satisfies the required composition.

5. Domain Selection

```
TEAM COMPLETE
      ↓
SELECT DOMAIN
      ↓
CONFIRM DOMAIN
      ↓
SUBMIT TEAM
```

Explanation

After the team has three members and satisfies the required conditions, the Team Leader selects the domain or track for the team's participation.

Available domains are configured by the Admin.

The selected domain becomes part of the team's official registration information.

6. Team Submission

```
TEAM REQUIREMENTS COMPLETE
          ↓
DOMAIN SELECTED
          ↓
TEAM LEADER SUBMITS TEAM
          ↓
TEAM REGISTRATION FINALIZED
```

The Team Leader submits the completed team information after satisfying all mandatory requirements.

Submission moves the team to the payment stage.

At this stage, the team is not yet confirmed.

7. Payment

```
TEAM SUBMITTED
      ↓
PAYMENT PAGE
      ↓
PAYMENT QR DISPLAYED
      ↓
TEAM MAKES PAYMENT
      ↓
UPLOAD PAYMENT PROOF
      ↓
STATUS = PENDING
```

Explanation

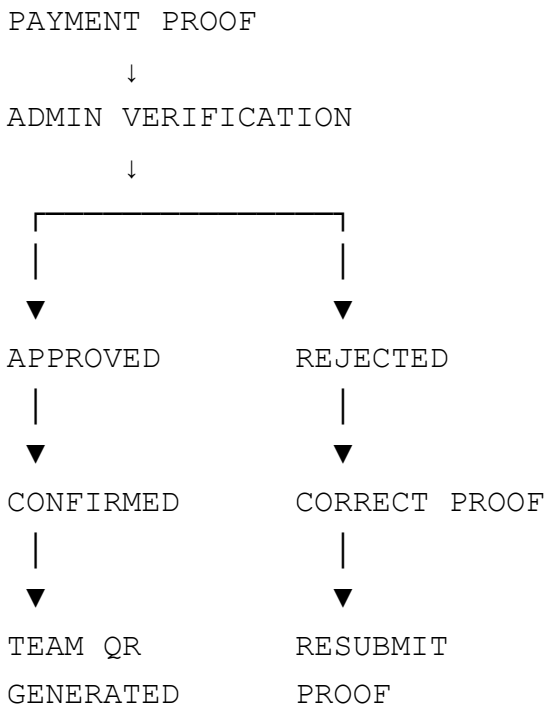

The Team Leader is shown the official payment QR configured by the event administrators.

After making the payment, the Team Leader uploads the payment proof.

The team status becomes:

PENDING ADMIN VERIFICATION

8. Payment Verification

If Approved

```
PAYMENT APPROVED
        ↓
TEAM CONFIRMED
        ↓
UNIQUE TEAM QR GENERATED
        ↓
READY FOR EVENT
```

If Rejected

The Team Leader receives the payment status and correction requirement. The payment proof can be corrected and resubmitted according to the Admin's configuration.

9. Team Leader Dashboard After Approval

```
TEAM CONFIRMED ✓

Team Name
Team ID
Members
Selected Domain
Payment Status
Team QR

Status:
READY FOR EVENT
```

Important

Team approval does not immediately open project submission.

The team is simply confirmed and ready for the event.

10. Team QR

```
ADMIN APPROVES PAYMENT
          ↓
SYSTEM GENERATES SECURE TEAM QR
          ↓
TEAM LEADER CAN VIEW QR
          ↓
QR USED DURING EVENT
```

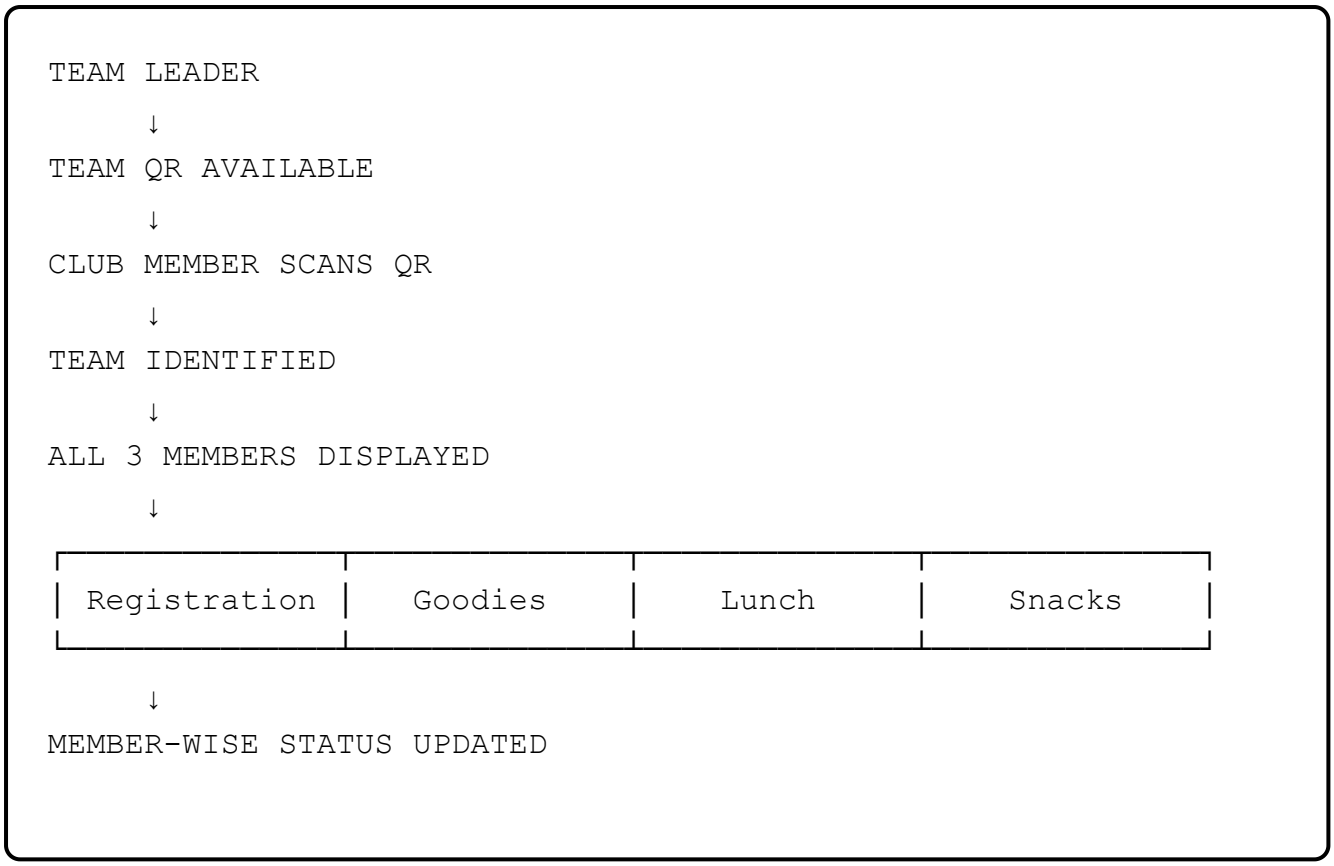

QR Design

One QR is generated for the entire team.

Separate QR codes are not required for individual members or individual activities.

Item	**QR**
Team	One Team QR
Member 1	Uses Team QR
Member 2	Uses Team QR
Member 3	Uses Team QR
Registration	Tracked through Team QR
Goodies	Tracked through Team QR
Lunch	Tracked through Team QR
Snacks	Tracked through Team QR

11. Event-Day Flow

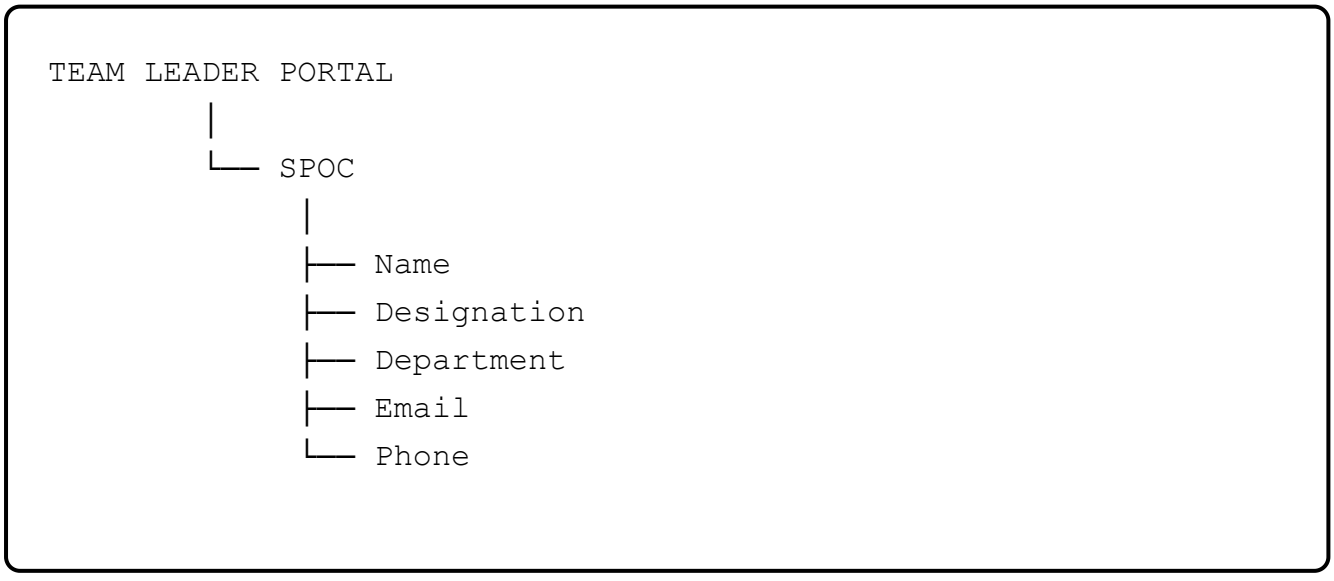

The Team QR identifies the team and retrieves its three members.

Club Members then update event activities individually for each team member.

Therefore, the QR is team-level while event participation tracking is member-level.

12. SPOC — Single Point of Contact

Explanation

Every team can have an assigned Single Point of Contact (SPOC).

The SPOC is created and assigned by the Admin.

The Team Leader can view the assigned SPOC and use the provided contact information when assistance or coordination is required.

The Team Leader does not select or change the SPOC.

SPOC Information Visible to Team Leader

Information	**Visible**
Name	Yes
Designation	Yes
Department / Organization	Yes
Email	Yes
Phone	Yes

SPOC Permissions

Action	Team Leader
View SPOC	Allowed
Contact SPOC	Allowed
Select SPOC	Not Allowed
Change SPOC	Not Allowed
Assign SPOC	Not Allowed
Remove SPOC	Not Allowed

13. Project Section

Before Final Hours

```
PROJECT
   ↓
LOCKED

"Project submission is not open yet."
```

Project-related fields are not required during initial registration or immediately after team approval.

This keeps the initial registration process focused on team formation, domain selection and payment.

During Final Hours

```
ADMIN OPENS FINAL WINDOW
          ↓
TEAM LEADER
          ↓
PROJECT SECTION UNLOCKED
          ↓
ENTER PROJECT DETAILS
```

Project Information

- Project Name
- Problem Statement
- Proposed Solution
- Project Description
- Domain
- Technologies Used
- Other fields configured by Admin

14. Final Submission

```
FINAL HOURS
     ↓
PROJECT DETAILS
     ↓
UPLOAD FINAL PPT
     ↓
ADD OPTIONAL MATERIALS
     ↓
REVIEW
     ↓
FINAL SUBMIT
     ↓
SUBMISSION LOCKED
```

Submission Requirements

Material	Requirement
Final PPT	**Mandatory**
GitHub Repository	Optional
Pitch Deck	Optional
Prototype / Demo	Optional
Additional Material	Optional

> **Submission Rule**
>
> The final PPT is mandatory.
>
> Optional materials do not block final submission.

After final submission, the submission should be locked unless the Admin explicitly reopens the submission stage.

15. Evaluation / Results

Before Results Are Published

```
EVALUATION / RESULTS
          ↓
RESULTS NOT PUBLISHED
          ↓
"Evaluation results have not been
published yet."
```

The Evaluation / Results section is visible from the beginning, but actual results remain inaccessible until the Admin publishes them.

After Admin Publishes Results

```
ADMIN PUBLISHES RESULTS
          ↓
TEAM LEADER OPENS
EVALUATION / RESULTS
          ↓
OWN TEAM RESULTS
```

Information Available to Team Leader

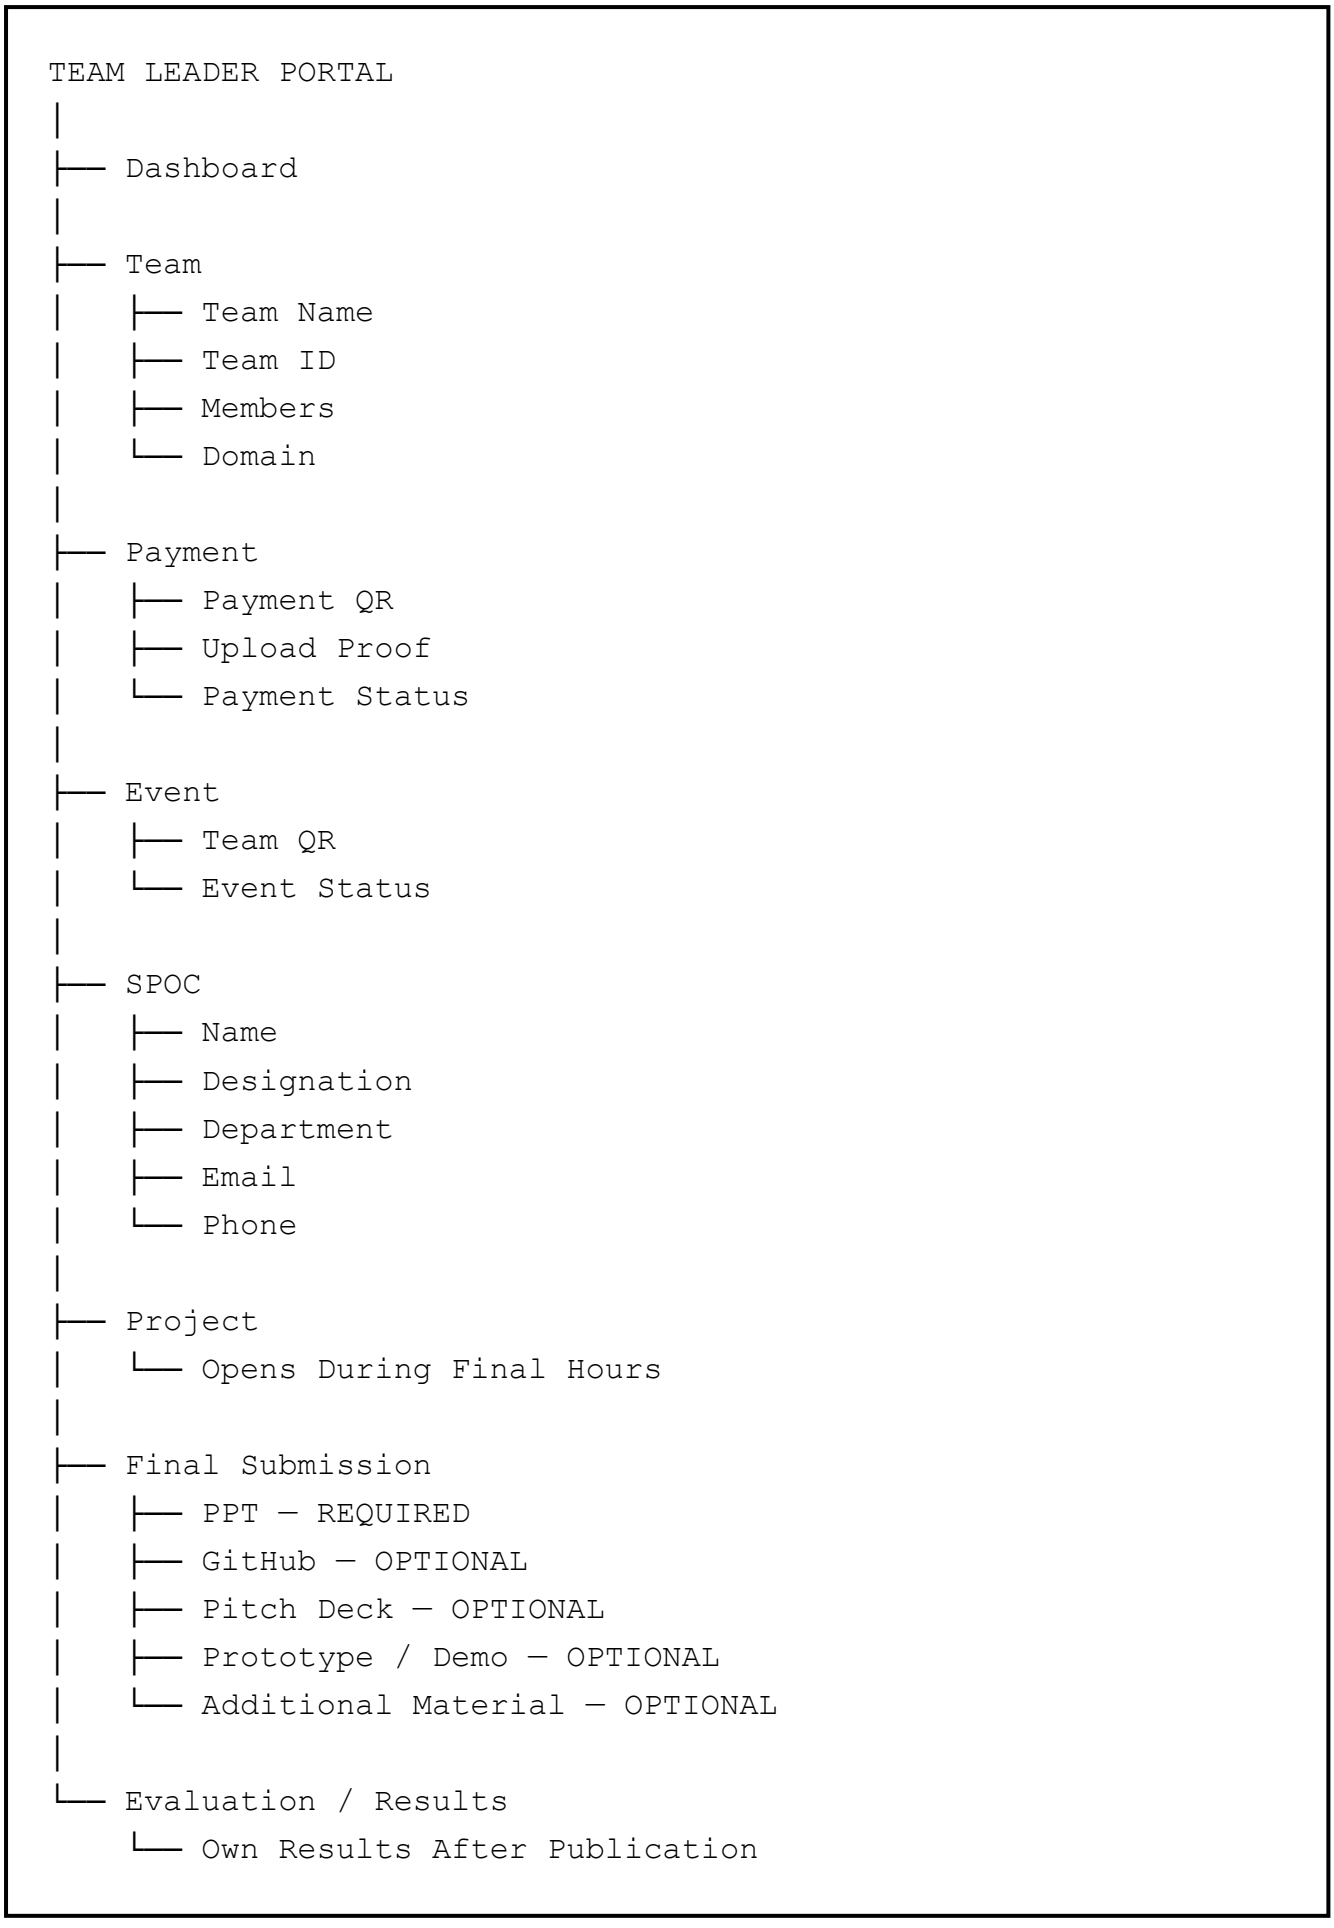

- Own team's evaluation
- Own team's scores
- Judge feedback released by the system
- Applicable evaluation round information
- Other result information configured for participant visibility

Information Not Available

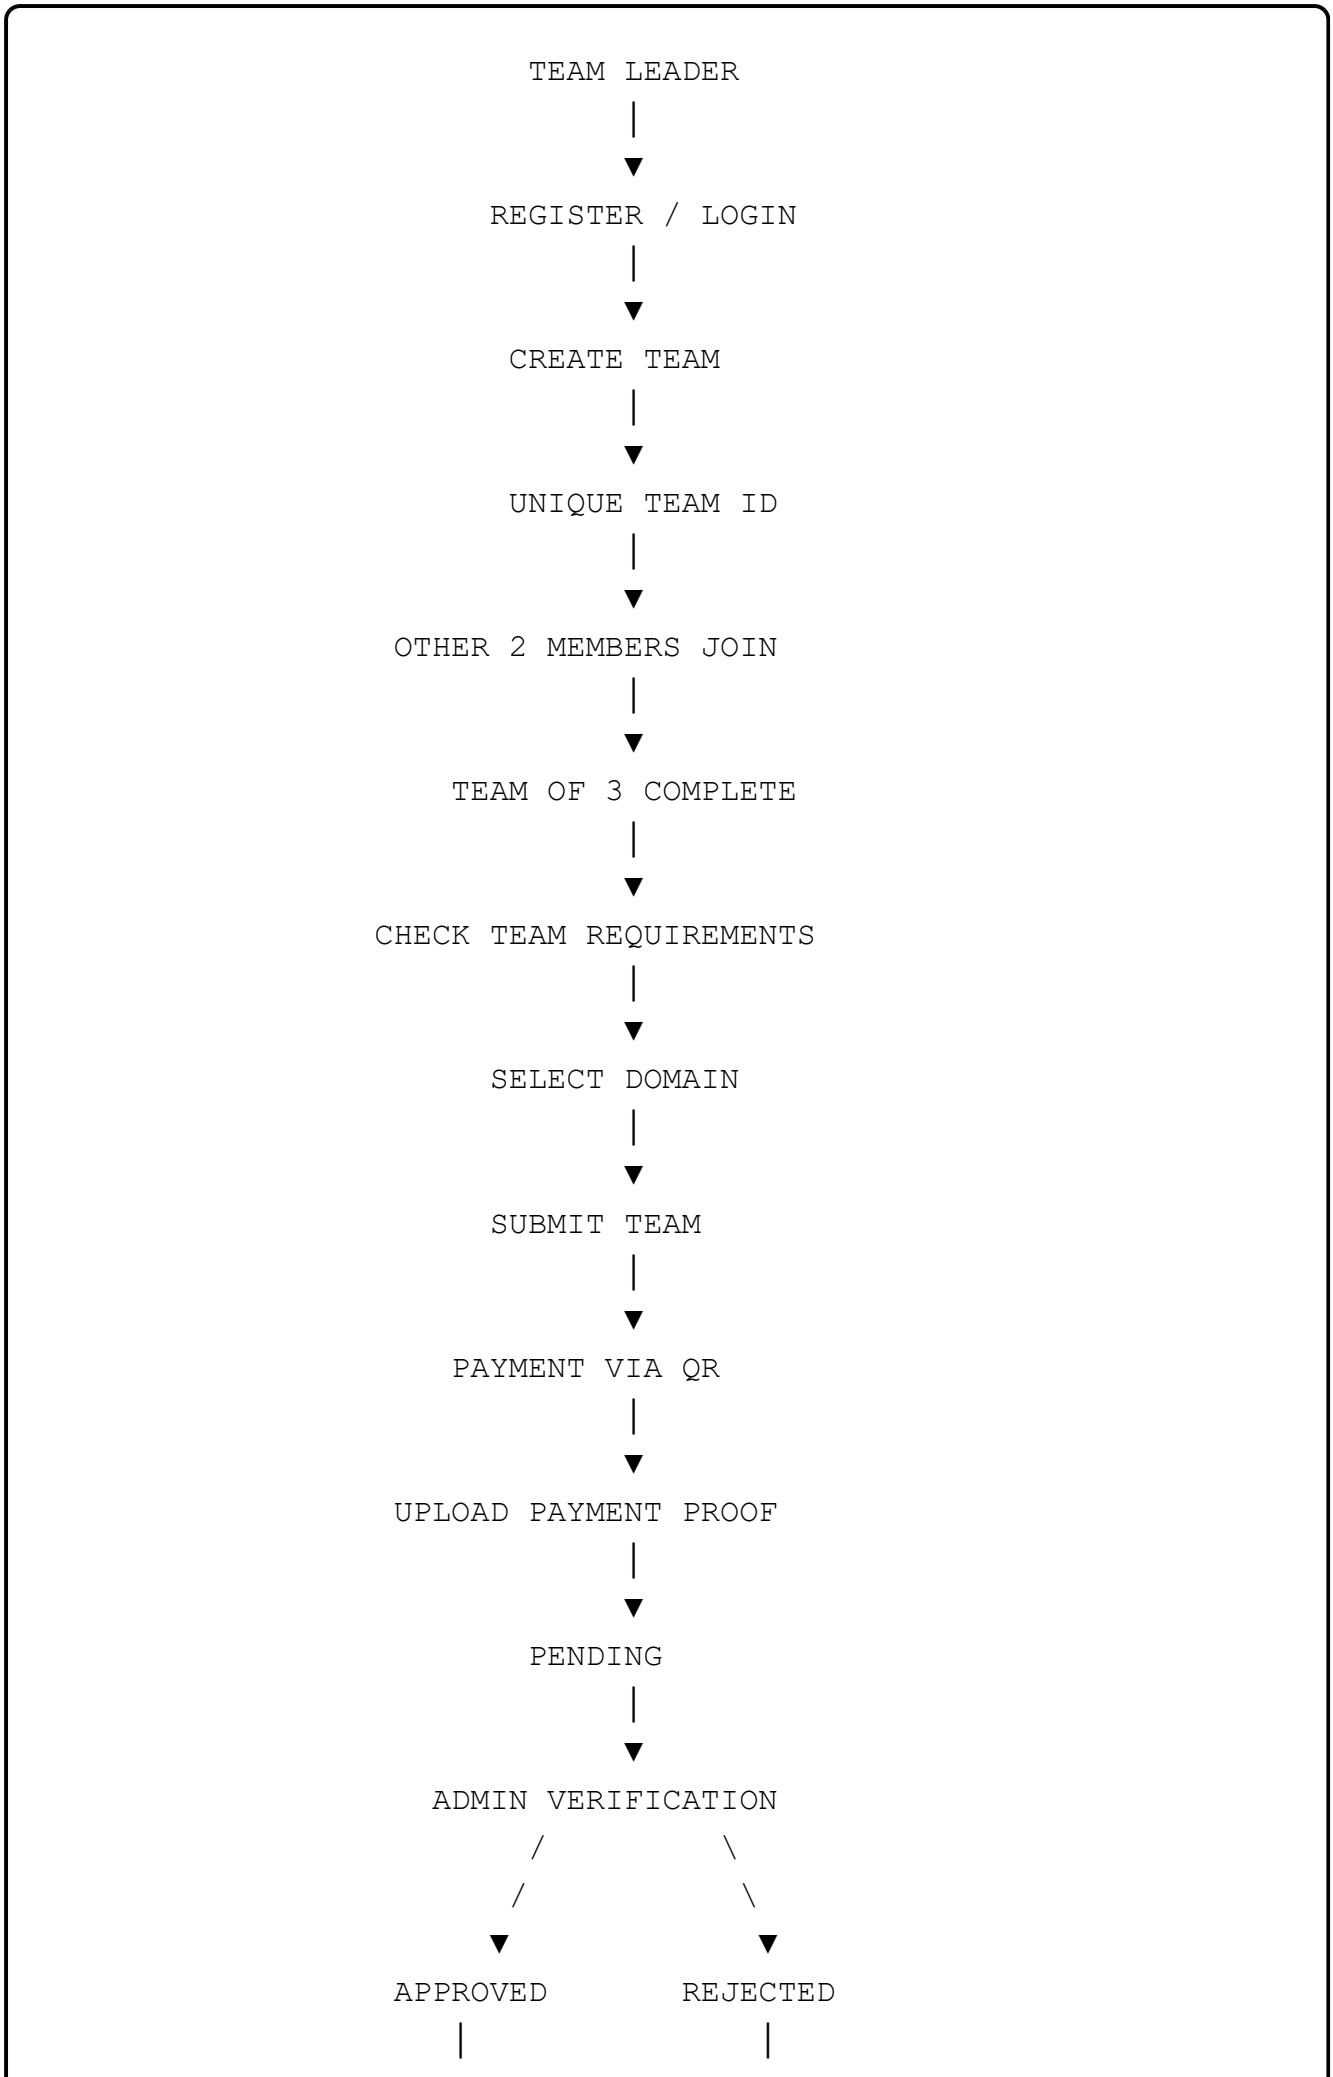

- Other teams' scores
- Other teams' feedback
- Comparative score tables
- Other teams' evaluation details
- Internal judging information not intended for participants

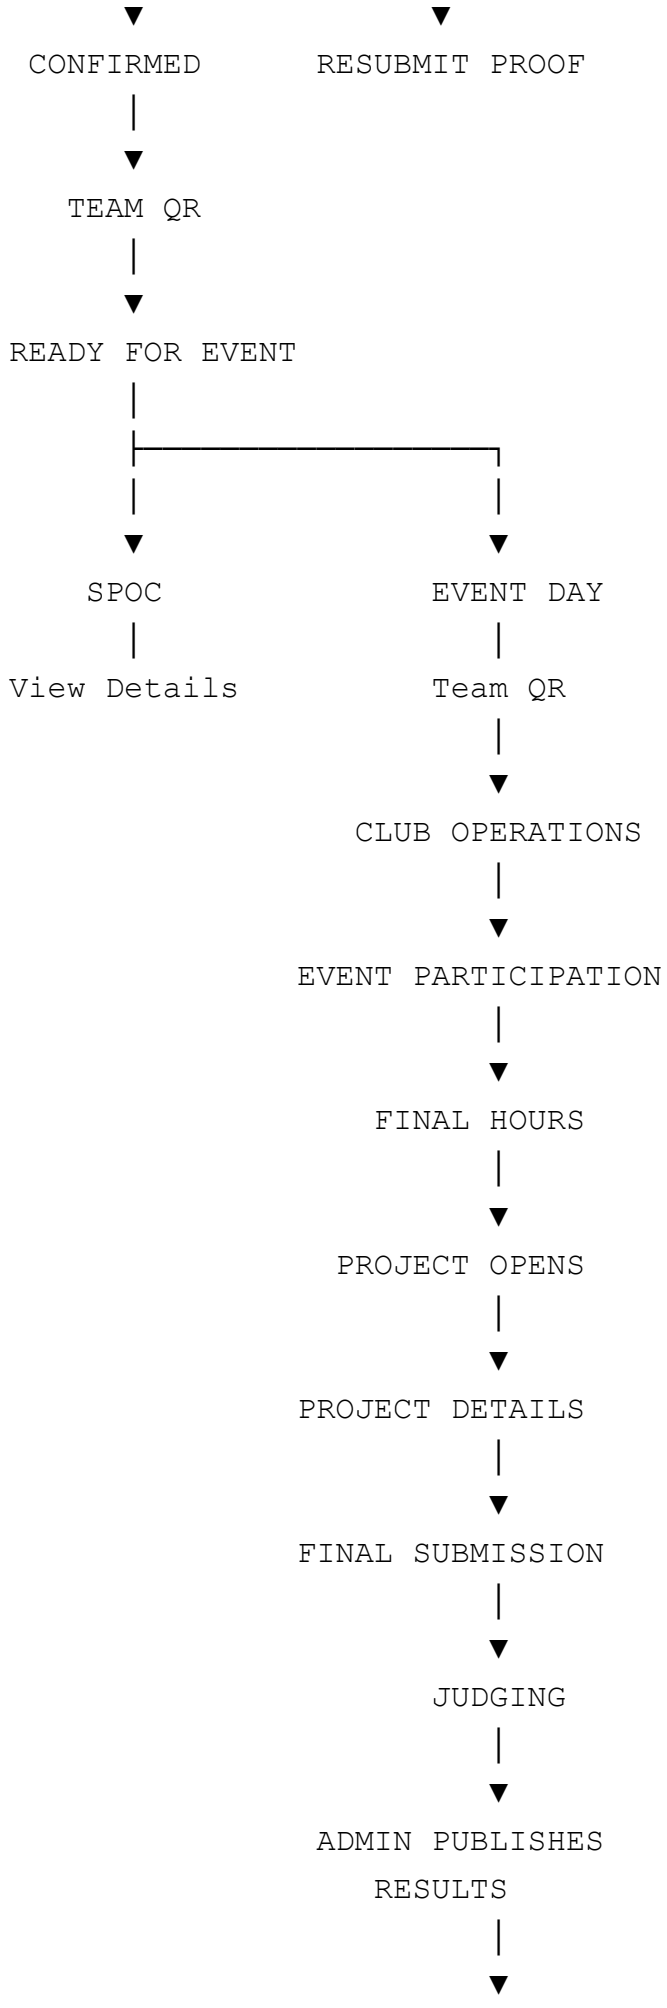

> **Privacy Rule**
>
> The backend should retrieve only the authenticated Team Leader's own team evaluation after the Admin has published the results. The system should not retrieve all teams' scores and merely hide them using the frontend.

16. Team Leader Portal Navigation

17. Complete Team Leader Portal Flow

18. Team Leader Responsibilities

Team Leader Can

- Create the team.
- Share the Team ID.
- View team members.
- Check team requirements.
- Select the domain.
- Submit the team.
- Complete payment.
- Upload payment proof.
- Monitor payment status.
- View Team QR.
- View assigned SPOC.
- Contact the SPOC.
- Enter project details during final hours.
- Upload final PPT.
- Upload optional materials.
- Submit the final project.
- View own evaluation/results after publication.

Team Leader Cannot

- Approve payments.
- Assign a SPOC.
- Change the assigned SPOC.
- Assign judges.
- Evaluate projects.
- Publish results.
- Manage other teams.
- Modify event operations records.
- View other teams' evaluation results.
- Access Admin functions.
- Access Judge functions.
- Access Club Member administrative functions.

19. Team Leader Portal — Functional Summary

Module	Team Leader Function
Authentication	Register, Login, Logout
Team	Create and manage team information
Team ID	Receive and share unique Team ID
Members	View all three team members
Requirements	Check team eligibility
Domain	Select participation domain
Payment	Make payment and upload proof
Team QR	View team QR after payment approval
Event	View event/team status
SPOC	View and contact assigned SPOC
Project	Enter project information during final hours
Final Submission	Upload mandatory PPT and optional materials
Evaluation	View own evaluation after publication
Results	View own team's released results only
