ViceVerse - Admin Portal

Flow & Functional Explanation Report

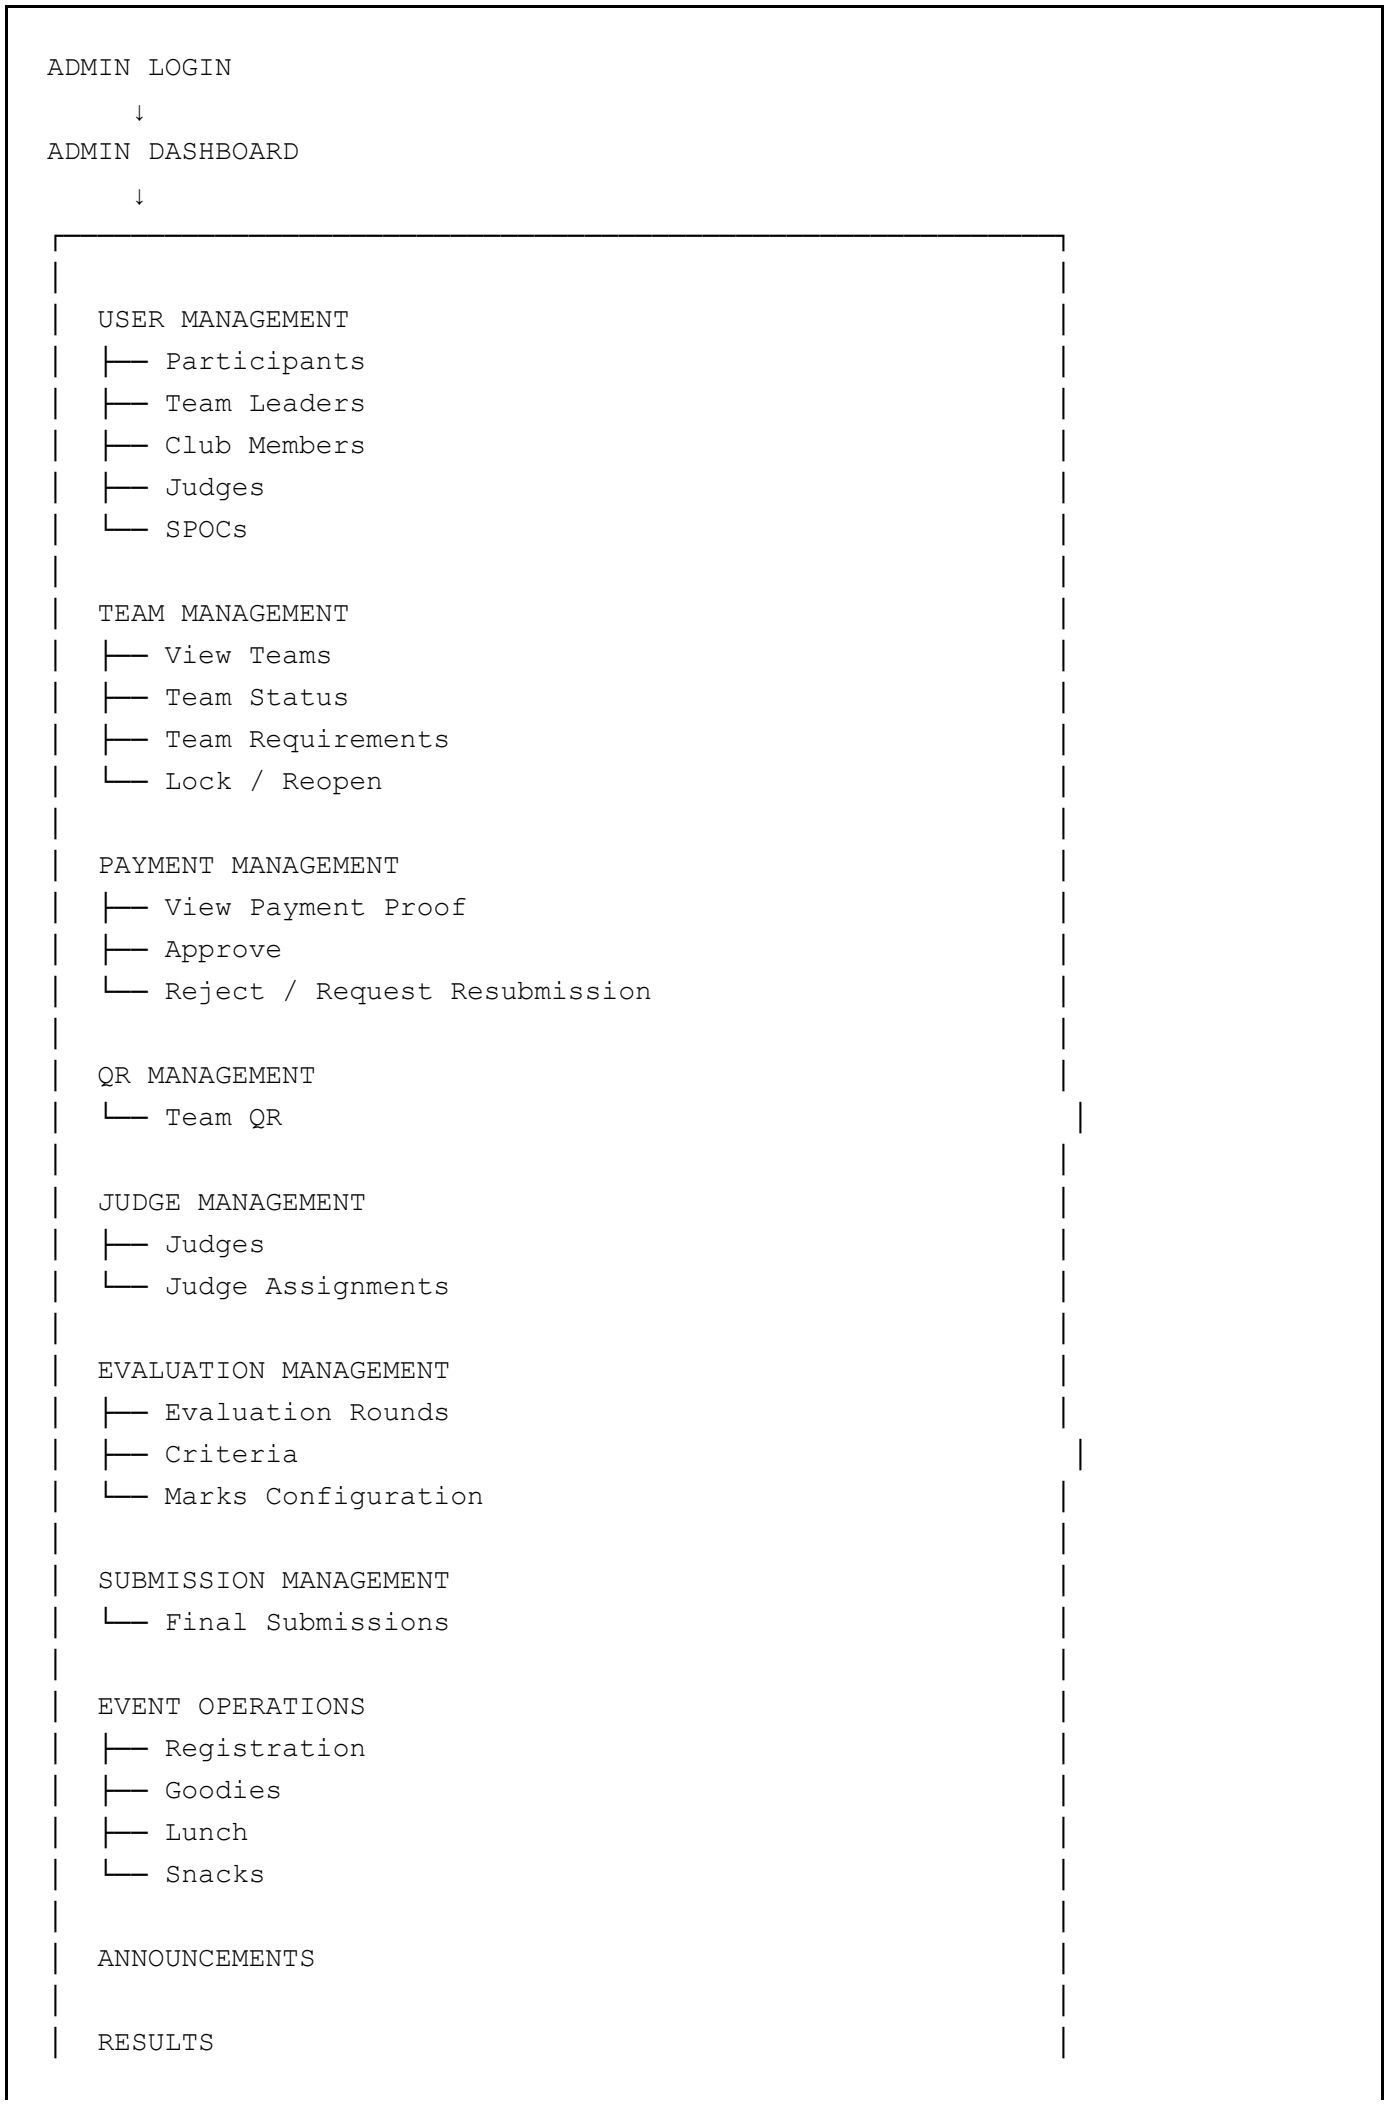

1. Purpose of the Admin Portal

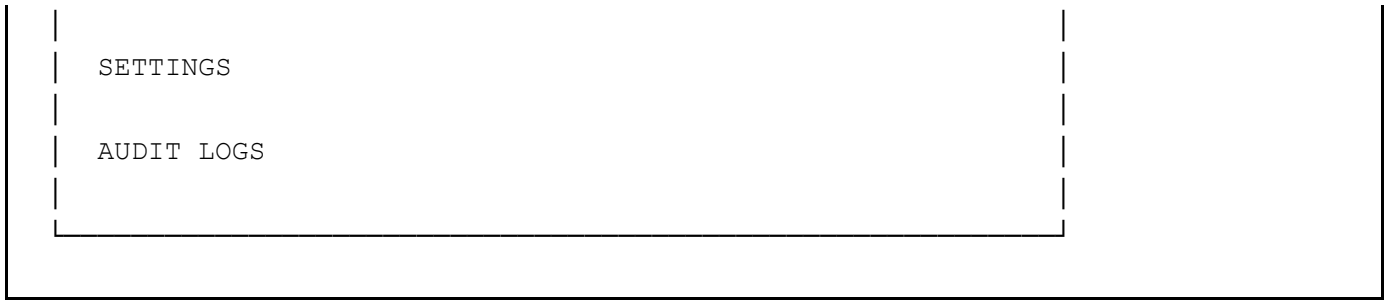

The Admin Portal is the central management portal of the ViceVerse Ideathon platform.

Admin has control over users, teams, payments, judges, SPOCs, evaluations, submissions, event operations, announcements and result publication.

> The Admin Portal controls the system, but different activities are still performed through their respective role-based portals.

2. Overall Admin Flow

ADMIN LOGIN

3. Admin Login

```
ADMIN
  ↓
LOGIN PAGE
  ↓
ENTER ADMIN CREDENTIALS
  ↓
AUTHENTICATION
  ↓
ROLE CHECK
  ↓
ADMIN ROLE VERIFIED
  ↓
ADMIN DASHBOARD
```

Only authenticated users with the Admin role can access the Admin Portal.

Admin permissions must be checked on the server side, not only through the frontend.

4. Admin Dashboard

```
ADMIN DASHBOARD

├── Overview
│
├── User Management
│   ├── Participants
│   ├── Team Leaders
│   ├── Club Members
│   ├── Judges
│   └── SPOCs
│
├── Teams
│
├── Payments
│

└── Audit Logs
```

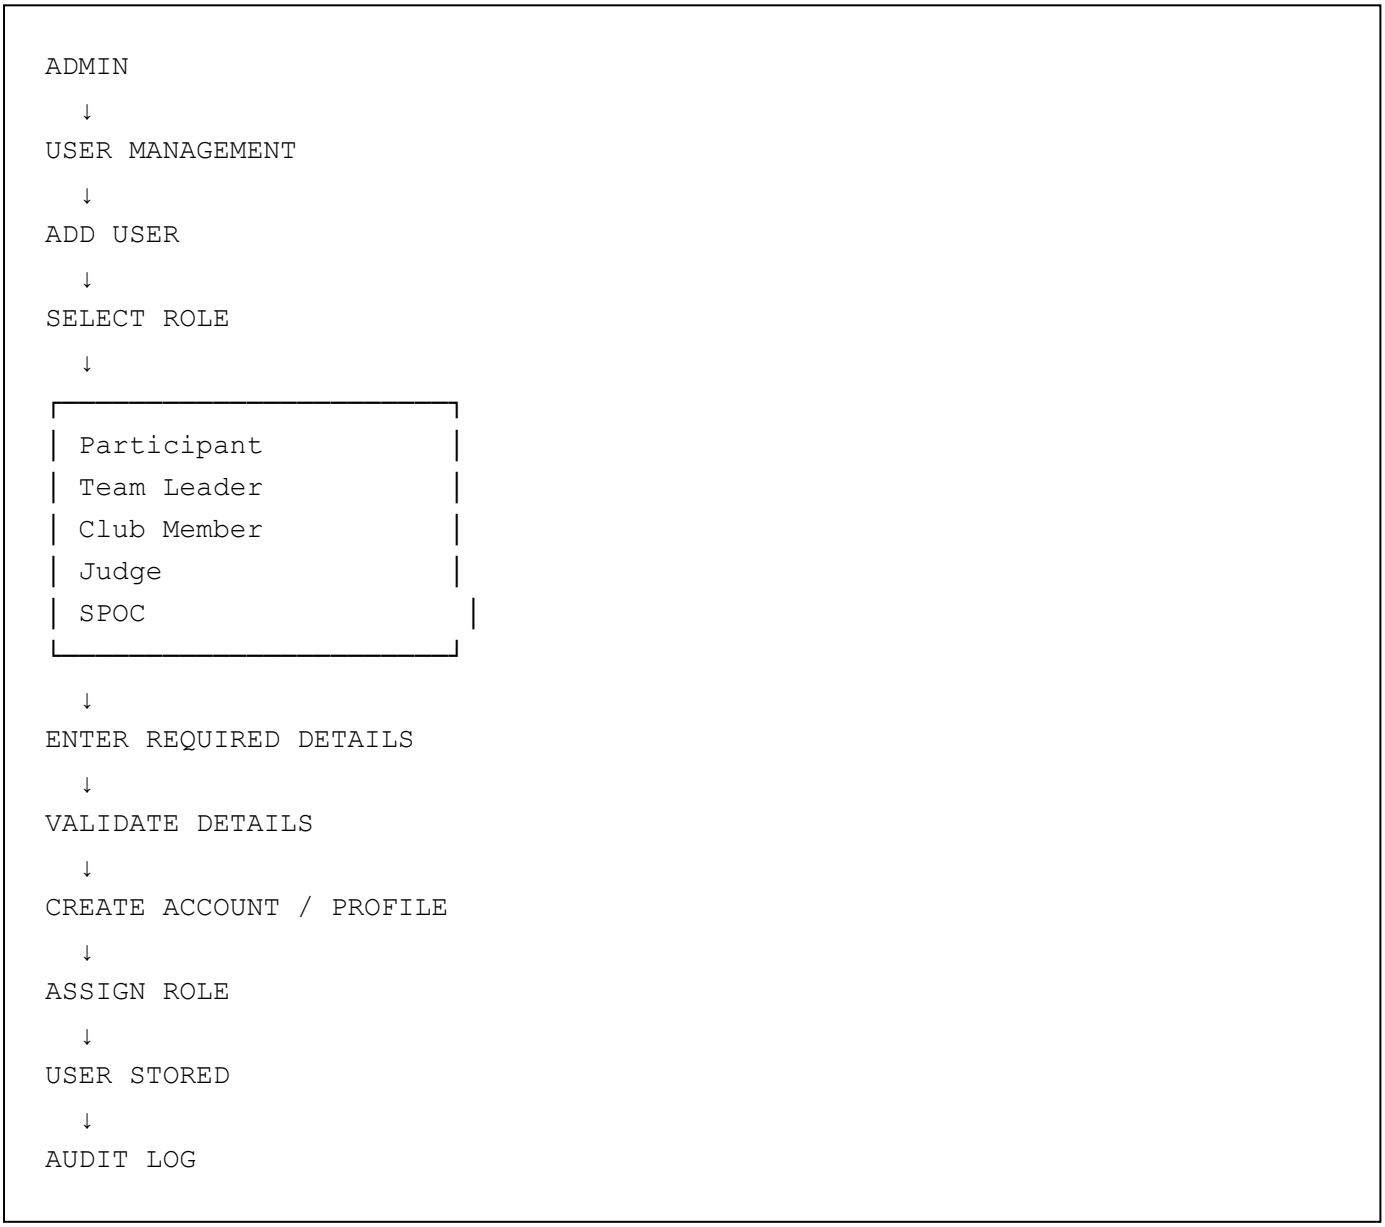

5. User Management

Admin must be able to manage all platform users from one central section.

The Admin should be able to add, view, edit, disable and remove users according to their role and permissions.

User Type	Admin Action
Participant	Add / View / Edit / Disable / Remove
Team Leader	Add / View / Edit / Disable / Remove
Club Member	Add / View / Edit / Disable / Remove
Judge	Add / View / Edit / Disable / Remove
SPOC	Create / View / Edit / Disable / Remove

6. Adding a User

7. Participant Management

Admin can manage participant accounts from the Participants section.

```
ADMIN
  ↓
PARTICIPANTS
  ↓
VIEW PARTICIPANT LIST
  ↓
SELECT PARTICIPANT
  ↓
VIEW / EDIT / DISABLE / REMOVE
```

Participant information may include:

- Name
- Email
- Phone
- Account status
- Team
- Team role
- Registration information

> Removing or disabling a participant who already belongs to a team should require validation so that team membership is not accidentally broken.

8. Team Leader Management

Team Leaders are participants who are responsible for managing their team and completing team-level actions.

```
ADMIN
  ↓
USER MANAGEMENT
  ↓
TEAM LEADERS
  ↓
VIEW TEAM LEADER
  ↓
VIEW TEAM INFORMATION
  ↓
EDIT / DISABLE / REMOVE
```

Admin can view the Team Leader's associated team, team members, Team ID, domain, payment status and team status.

> Changing or removing a Team Leader must not automatically delete the team. Admin should be able to assign another eligible participant as Team Leader when required.

9. Club Member Management

Club Members operate the event-day activities such as QR scanning, registration tracking, goodies distribution, lunch and snacks.

```
ADMIN
  ↓
USER MANAGEMENT
  ↓
CLUB MEMBERS
  ↓
ADD CLUB MEMBER
  ↓
ENTER DETAILS
  ↓
ASSIGN CLUB MEMBER ROLE
  ↓
ACCOUNT CREATED
  ↓
CLUB MEMBER CAN LOGIN
  ↓
ACCESS CLUB MEMBER PORTAL
```

Admin can:

- Add Club Members
- View Club Members
- Edit Club Member details
- Disable Club Member access
- Remove Club Members

Club Members should only receive permissions related to event operations.

10. Judge Management

```
ADMIN
  ↓
JUDGE MANAGEMENT
  ↓
ADD JUDGE
  ↓
ENTER JUDGE DETAILS
  ↓
CREATE JUDGE ACCOUNT
  ↓
ASSIGN JUDGE ROLE
  ↓
JUDGE LOGIN ENABLED
  ↓
ASSIGN TEAMS
```

Admin can:

- Add Judges
- Edit Judge details
- Disable Judge accounts
- Remove Judges
- View assigned teams
- Assign teams
- Change team assignments

Judge information may include:

- Name
- Email
- Phone
- Designation
- Organization

- Account status

11. SPOC Management

The SPOC (Single Point of Contact) is managed completely by the Admin.

Team Leaders cannot create, select, change or remove their own SPOC.

```
ADMIN
  ↓
SPOC MANAGEMENT
  ↓
CREATE SPOC
  ↓
ENTER SPOC DETAILS
  ↓
SAVE SPOC PROFILE
  ↓
SPOC AVAILABLE
  ↓
ASSIGN SPOC TO TEAM
  ↓
TEAM LEADER CAN VIEW SPOC
```

SPOC Information

Field	**Description**
Name	SPOC's full name
Designation	Role or designation
Email	Official contact email
Phone	Contact number
Department / Organization	Associated department or organization
Profile Photo	Optional

12. Assigning a SPOC to a Team

```
ADMIN
  ↓
SPOC MANAGEMENT
  ↓
SELECT SPOC
  ↓
ASSIGN TEAM
  ↓
SELECT TEAM
  ↓
CONFIRM ASSIGNMENT
  ↓
TEAM_SPOC_ASSIGNMENT
  ↓
TEAM LEADER PORTAL
  ↓
SPOC INFORMATION VISIBLE
```

Admin can change the assigned SPOC when necessary.

Every assignment or reassignment should be recorded in the audit log.

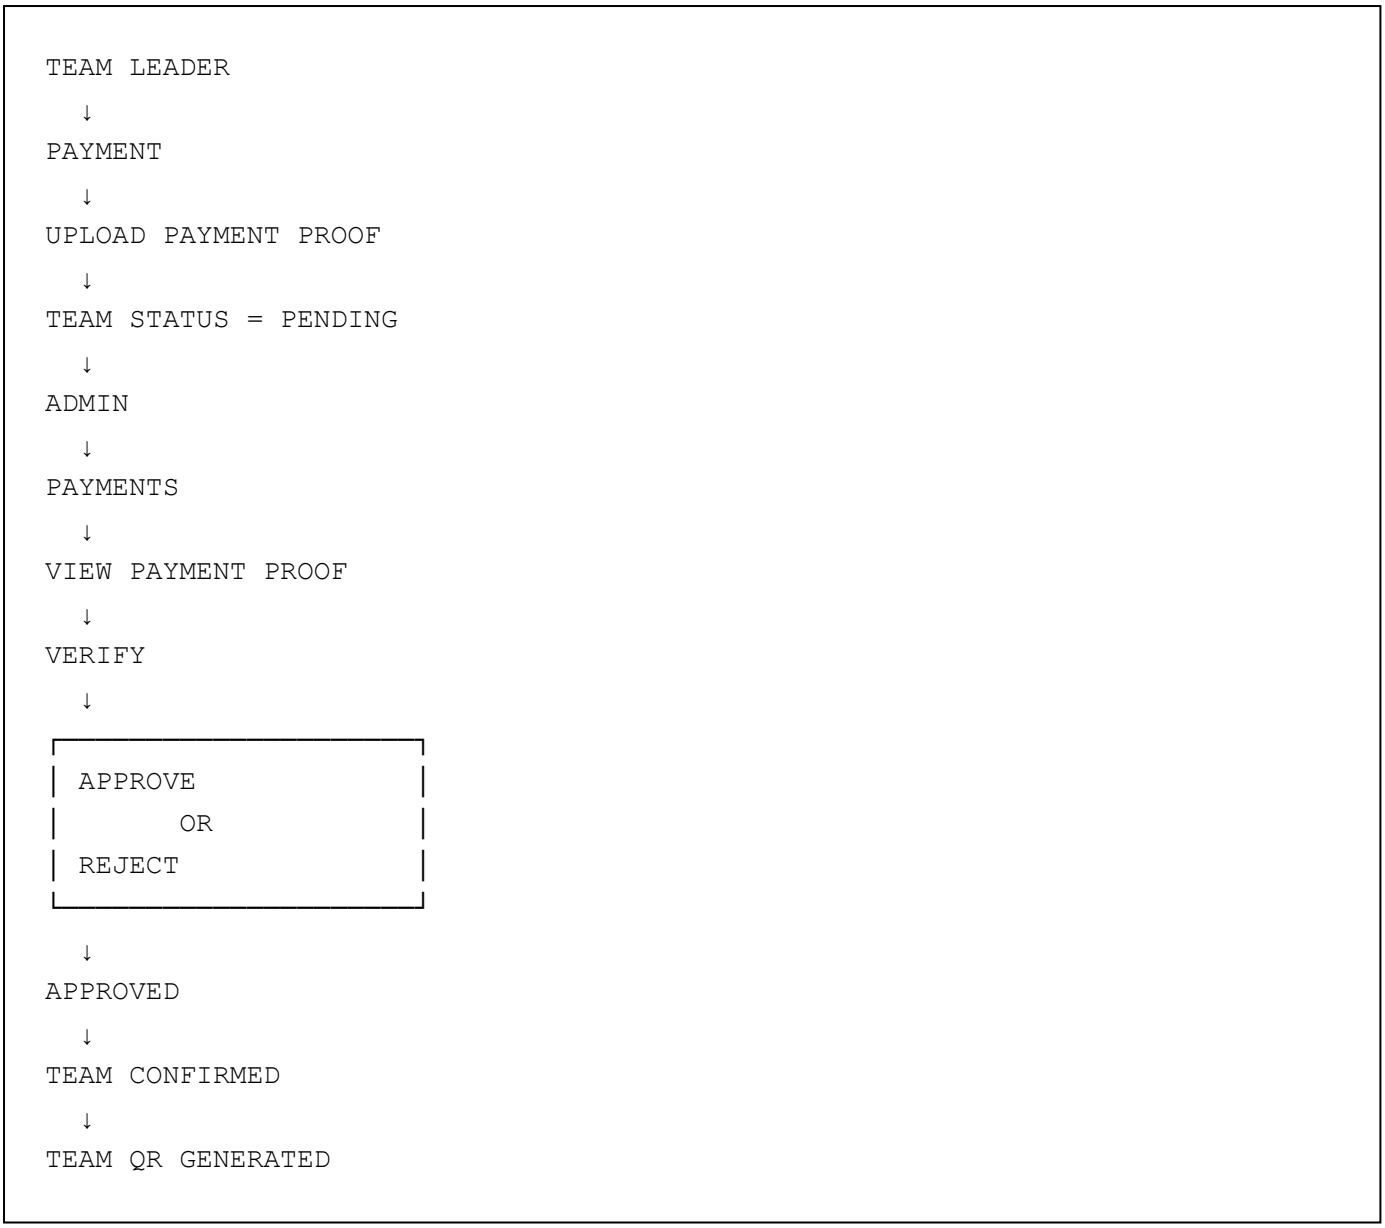

13. Team Management

```
ADMIN
  ↓
TEAMS
  ↓
VIEW ALL TEAMS
  ↓
SELECT TEAM
  ↓
VIEW
├── Team Name
├── Team ID
├── Team Leader
├── Members
├── Domain
├── Payment Status
├── Team Status
├── SPOC
└── Submission Status
```

Admin can:

- View all teams
- View team members
- View Team Leader
- View selected domain
- View payment status
- Approve or reject payment
- Lock or reopen team stages
- View assigned SPOC
- View submission status

14. Payment Verification

If the payment proof is rejected, the Team Leader should be allowed to correct and resubmit it.

15. Team QR Management

```
PAYMENT APPROVED
      ↓
TEAM CONFIRMED
      ↓
GENERATE SECURE TEAM QR TOKEN
      ↓
STORE QR TOKEN
      ↓
TEAM QR AVAILABLE
      ↓
TEAM LEADER PORTAL
      ↓
CLUB MEMBER SCANS QR
```

The QR identifies the team but does not itself authorize an action.

Authentication, role and permission checks are required before event operations are performed.

16. Evaluation Management

Evaluation configuration is controlled completely by Admin.

```
ADMIN
  ↓
EVALUATION MANAGEMENT
  ↓
CREATE / EDIT EVALUATION ROUND
  ↓
CREATE / EDIT CRITERIA
  ↓
SET MAX MARKS
  ↓
SET DESCRIPTION
  ↓
SET REQUIRED / OPTIONAL
  ↓
OPEN ROUND
  ↓
JUDGES COMPLETE EVALUATIONS
  ↓
ADMIN MONITORS
  ↓
CLOSE ROUND
```

The system must not hard-code the number of evaluation rounds or evaluation criteria.

Admin can add, edit or delete criteria according to the event requirements.

17. Judge Assignment

```
ADMIN
  ↓
JUDGE ASSIGNMENTS
  ↓
SELECT JUDGE
  ↓
SELECT TEAM / TEAMS
  ↓
ASSIGN
  ↓
ASSIGNMENT STORED
  ↓
JUDGE DASHBOARD
  ↓
ASSIGNED TEAMS VISIBLE
```

Judges can only evaluate teams assigned to them.

18. Submission Management

```
FINAL HOURS OPEN
      ↓
TEAM LEADER
      ↓
ENTER PROJECT DETAILS
      ↓
UPLOAD FINAL PPT
      ↓
OPTIONAL MATERIALS
      ↓
FINAL SUBMISSION
      ↓
ADMIN
      ↓
SUBMISSIONS
      ↓
MONITOR SUBMISSION STATUS
```

PPT is the mandatory final submission.

GitHub repository, pitch deck, prototype/demo and additional materials are optional unless Admin changes the event configuration.

19. Event Operations Monitoring

```
ADMIN
  ↓
EVENT OPERATIONS
  ↓
VIEW EVENT ACTIVITY
  ↓
┌──────────────────────────────┐
│ Team Registration            │
│ Goodies Distribution         │
│ Lunch Distribution           │
│ Snacks Distribution          │
└──────────────────────────────┘
  ↓
VIEW MEMBER-WISE STATUS
  ↓
MONITOR EVENT PROGRESS
```

Club Members perform the actual event-day operations. Admin monitors and controls the overall operation.

20. Announcements

```
ADMIN
  ↓
ANNOUNCEMENTS
  ↓
CREATE ANNOUNCEMENT
  ↓
TITLE + MESSAGE
  ↓
SELECT AUDIENCE
  ↓
PUBLISH
  ↓
ANNOUNCEMENT STORED
  ↓
RELEVANT PORTALS
  ↓
DASHBOARD / ALERTS
```

Announcements can be made available to:

- Participants
- Team Leaders
- Club Members
- Judges
- Other relevant users

21. Results Management

```
JUDGES
  ↓
SUBMIT EVALUATIONS
  ↓
ADMIN
  ↓
REVIEW EVALUATIONS
  ↓
VERIFY / FINALIZE RESULTS
  ↓
PUBLISH RESULTS
  ↓
TEAM LEADER
  ↓
VIEW OWN TEAM RESULT
```

> Team Leaders can see only their own team's evaluation/results. The Team Leader portal must not expose rankings, leaderboards or other teams' scores.

22. Event Settings

Admin controls the important stages and configuration of the event.

Setting	**Purpose**
Registration Open	Controls participant registration.
Team Formation	Controls team creation/joining.
Payment Window	Controls payment submission.
Submission Window	Controls final project submission.
Final Hours Window	Controls when project details become available.
Evaluation Rounds	Controls evaluation configuration.
Results Publication	Controls when Team Leaders can see their results.

23. Lock / Reopen Controls

```
ADMIN
  ↓
SELECT STAGE
  ↓
LOCK
  OR
REOPEN
  ↓
SYSTEM STATE UPDATED
  ↓
RELEVANT PORTAL UPDATED
```

Admin should be able to reopen a stage when a correction or exception is required.

24. Audit Logs

Important Admin actions and system actions should be recorded.

```
USER / ADMIN ACTION
       ↓
ACTION VALIDATED
       ↓
DATABASE UPDATED
       ↓
AUDIT LOG CREATED
       ↓
STORE
├── User
├── Action
├── Target
├── Timestamp
└── Relevant Details
```

Examples:

- Admin added a Club Member
- Admin removed a Judge
- Admin created a SPOC
- Admin assigned a SPOC
- Admin approved payment

- Admin rejected payment
- Admin assigned a Judge
- Admin changed evaluation criteria
- Admin published results
- Admin reopened a submission

25. Security & Access Control

```
REQUEST
  ↓
AUTHENTICATE USER
  ↓
CHECK USER STATUS
  ↓
CHECK ROLE
  ↓
CHECK PERMISSION
  ↓
VALIDATE TARGET / DATA
  ↓
ALLOW ACTION
  ↓
AUDIT LOG
```

Important security rules:

- Admin authentication is required.
- Role-based access control must be enforced server-side.
- Disabled users cannot access their portals.
- Judges cannot access Admin functions.
- Club Members cannot modify evaluation settings.
- Team Leaders cannot assign themselves as SPOC.
- Participants cannot access Admin functions.
- Important actions should be audit logged.

26. Role Management

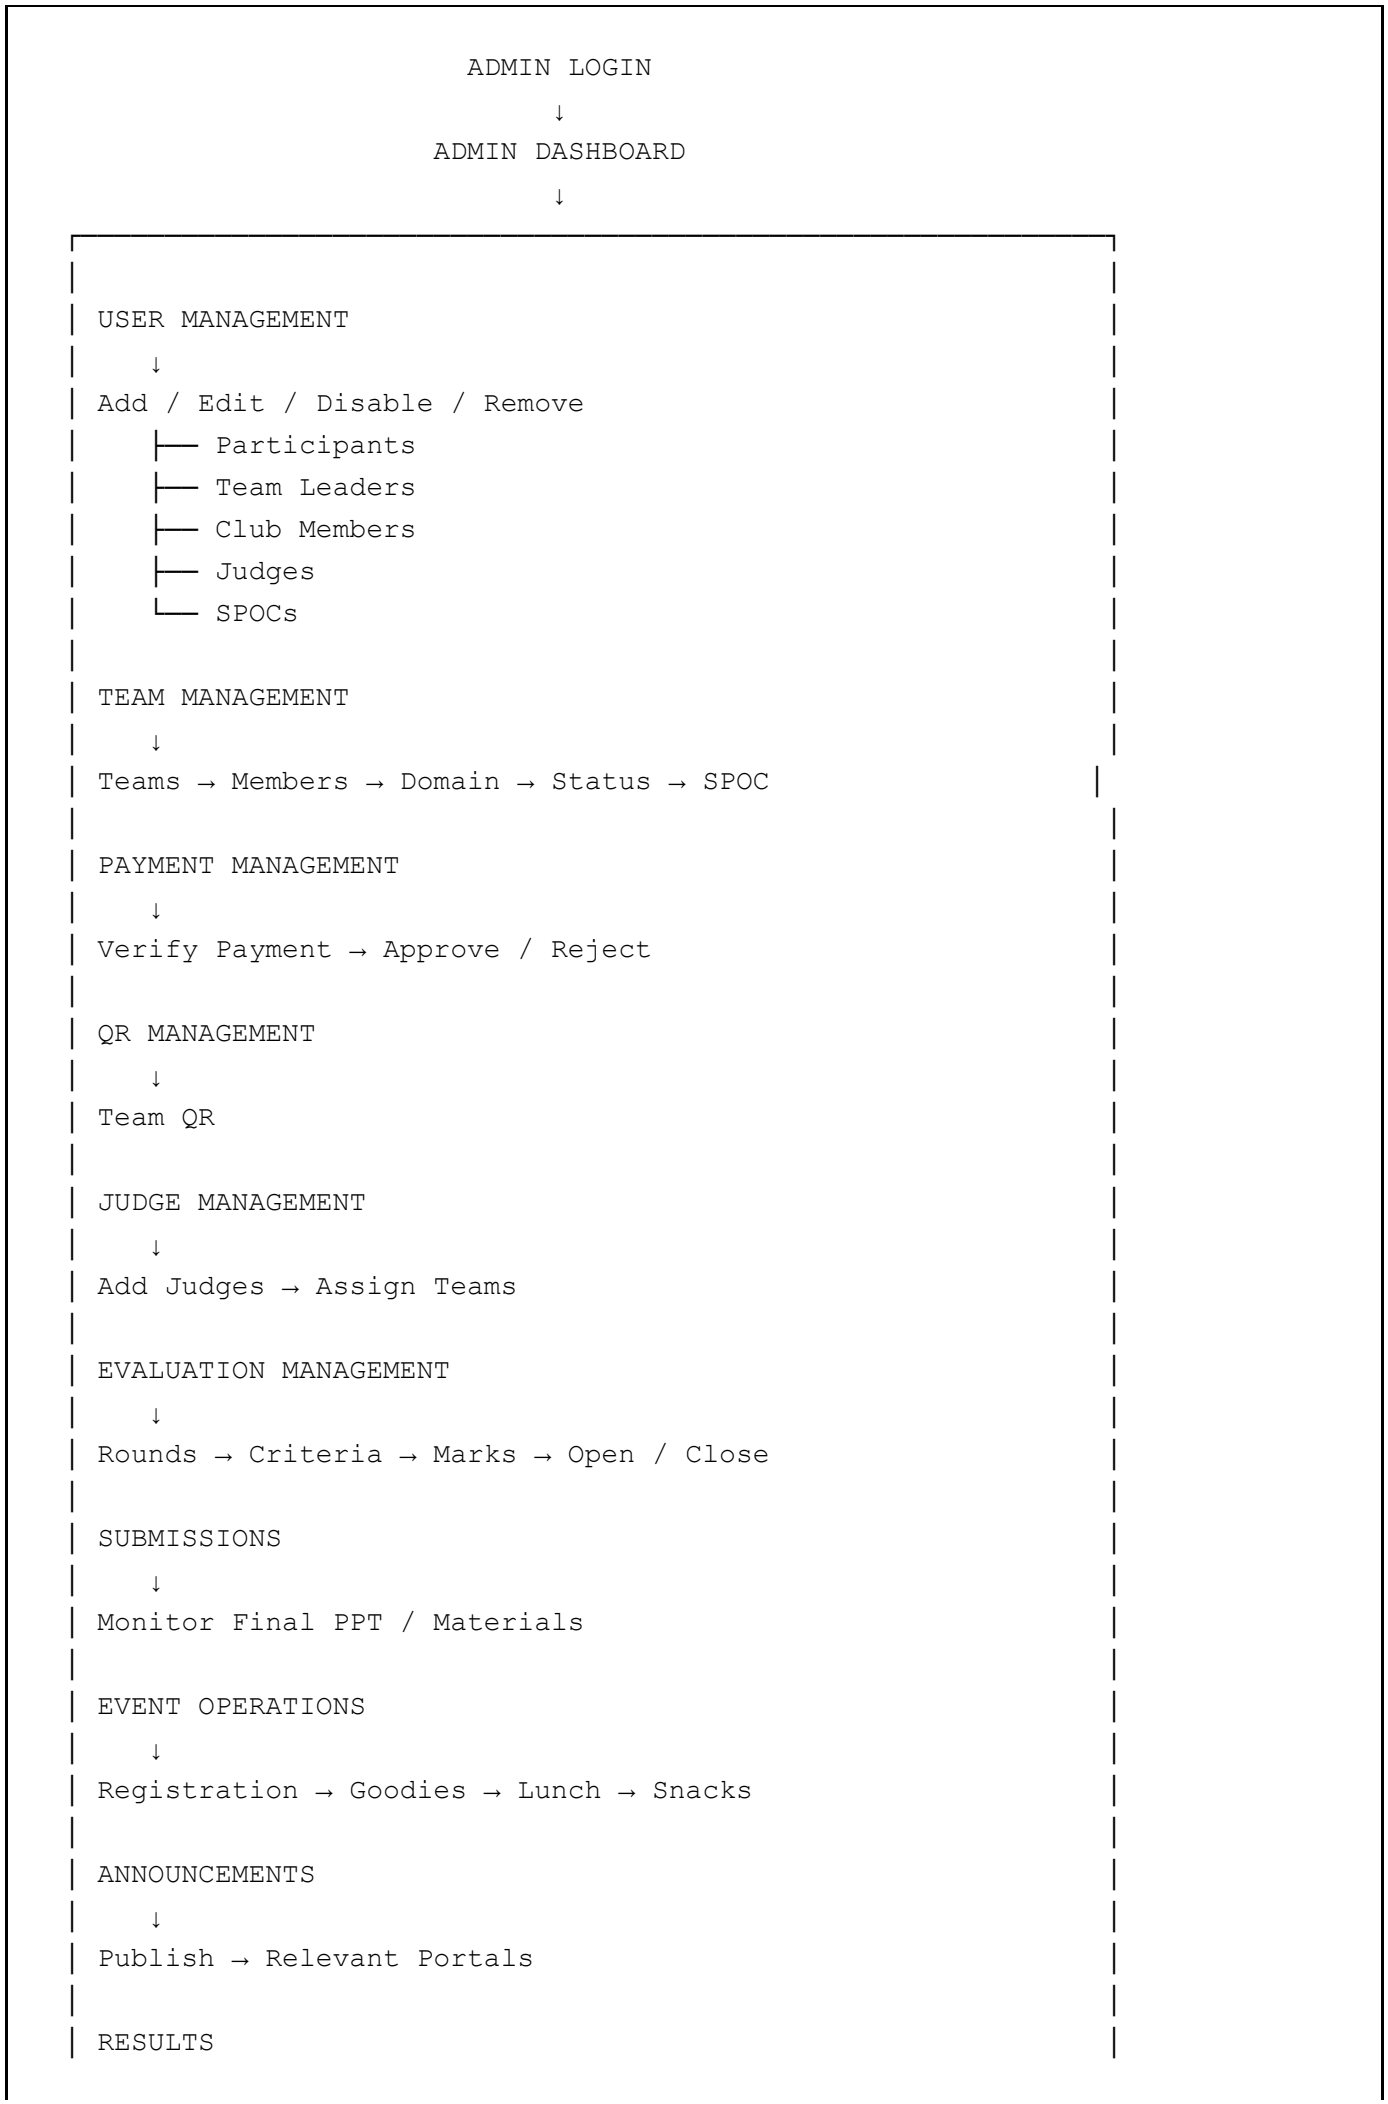

Admin manages the role associated with each platform account.

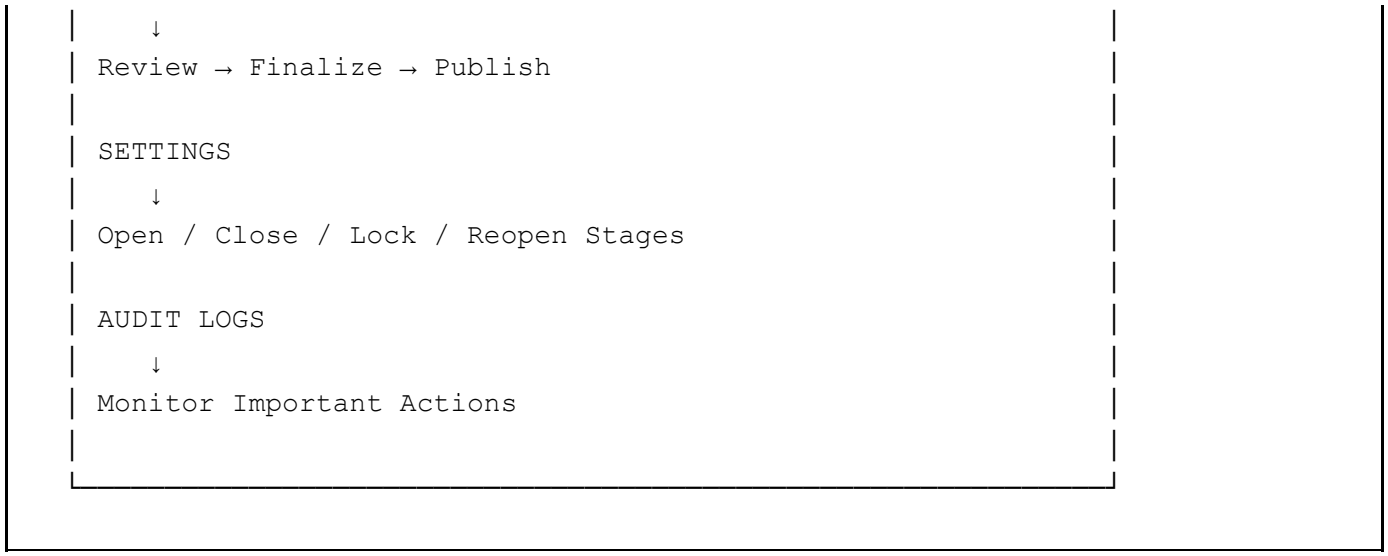

Role	Main Portal	Admin Control
Participant	Participant Portal	Add / Edit / Disable / Remove
Team Leader	Team Leader Portal	Add / Edit / Disable / Remove
Club Member	Club Member Portal	Add / Edit / Disable / Remove
Judge	Judge Portal	Add / Edit / Disable / Remove
SPOC	SPOC information / assignment	Create / Edit / Disable / Remove
Admin	Admin Portal	Restricted / Controlled

27. Admin-Related Database Entities

Entity	Purpose
users	Stores platform accounts and role information.
teams	Stores team information.
team_members	Connects participants with teams.
payments	Stores payment proof and verification status.
judges	Stores judge information.
judge_assignments	Stores judge-to-team assignments.
spocs	Stores SPOC profiles.
team_spoc_assignments	Stores SPOC-to-team assignments.
evaluation_rounds	Stores evaluation rounds.
evaluation_criteria	Stores configurable judging criteria.
evaluations	Stores judge evaluations and feedback.
submissions	Stores final project submissions.
announcements	Stores published announcements.
event_settings	Stores event configuration and stage states.
audit_logs	Stores important system actions.

29. Admin Responsibility Summary

Area	Admin Responsibility
User Management	Manage Participants, Team Leaders, Club Members, Judges and SPOCs.
Teams	Monitor and control team information and status.
Payments	Verify payment proofs and approve/reject payments.
QR	Control team QR generation and status.
SPOCs	Create, edit, assign, reassign and manage SPOCs.
Judges	Create/manage judges and assign teams.
Evaluation	Configure rounds, criteria and marks.
Submissions	Monitor final submissions.
Event Operations	Monitor event-day activities.
Announcements	Create and publish announcements.
Results	Review and publish results.
Settings	Control event stages and configuration.
Audit	Monitor important system actions.
